

SPOTTER M

SPOTTING SCOPE

Whether in the outdoors, on the range or in the field, Newcon Optik's SPOTTER M Tactical Monocular will bring your targets into clear, consistently-sharp, high contrast focus at short, mid and long ranges — especially at the kind of distances that overwhelm lesser optics.

The SPOTTER M features a M22 ranging reticle and impressive 8x42 optics. The compact and lightweight SPOTTER M is nitrogen-filled, waterproof and dustproof.

Optics
